

## Curriculum Vitae - Elias Eulig

---

|                                  |                |   |
|----------------------------------|----------------|---|
| <b>Personal Data</b>             | Date of birth  | 30.09.1995  |
|                                  | Place of birth | Hanover, Germany  |
|                                  | Citizenship    | German  |
| <b>Work</b>                      | 2019 - today   | Visiting student researcher in the department of Radiology at Stanford University under supervision of Dr. Adam Wang.   |
|                                  | 2018 - today   | Student researcher in the X-Ray Imaging and Computed Tomography group at the German Cancer Research Center (DKFZ) in Heidelberg under supervision of Prof. Dr. Marc Kachelrieß with main focus on development of deep learning methods for CT and x-ray imaging data.   |
|                                  | 2018 - today   | Student researcher in the Department of Connectomics at the Max Planck Institute for Brain Research in Frankfurt a.M. under supervision of Prof. Dr. Moritz Helmstaedter.   |
|                                  | 2013 - 2014    | <i>Voluntary scientific year at the Laser-Zentrum-Hanover, organized by the Hannover Medical School. Here I had my first experiences doing research for the MOMA (Mars Organic Molecule Analyser) project under direction of Dr. Christian Kolleck and Dr. Jörg Neumann. In particular, I helped constructing laser systems, did various stress tests on prototypes for the MOMA laser, made engineering drawings using different CAD programs, and designed automated measurement systems as well as their software.</i> |
| <b>Education</b>                 | 2017 - today   | Master of Physics at Heidelberg University.   |
|                                  | 2017           | Bachelor thesis written in the Department of Connectomics at the Max Planck Institute for Brain Research in Frankfurt a.M. under the supervision of Prof. Dr. Moritz Helmstaedter and Prof. Dr. Juergen Hesser on <i>Matching of axonal fragments using their morphological and synaptological properties</i>   |
|                                  | 2014 - 2017    | Bachelor of Physics at Heidelberg University.   |
|                                  | 2013           | Abitur (High School Degree)   |
|                                  | 2005 - 2013    | Wilhelm-Raabe-Schule, Hanover   |
|                                  | 2001 - 2005    | Kardinal-Bertram-Schule, Hanover  |
| <b>Languages</b>                 | German         | mother tongue   |
|                                  | English        | fluent  |
|                                  | French         | basic knowledge (A2)  |
| <b>Scholarships &amp; Awards</b> | 2019           | <i>PROMOS</i> travel scholarship of the <i>German Academic Exchange Service - Deutscher Akademischer Auslandsdienst (DAAD)</i> for my period of research at Stanford University.  |
|                                  | 2019           | Travel scholarship of the <i>Society of High Performance Computational Imaging (SHPCI)</i> for my period of research at Stanford University.  |
|                                  | 2013           | Award by the <i>Deutsche Physikalische Gesellschaft (DPG)</i> for the best Abitur in physics.   |

|                                   |  |
|-----------------------------------|--|
| <b>Computer Skills</b>            | Proficient with <i>Matlab</i> , <i>Python</i> and the deep learning libraries <i>PyTorch</i> and <i>Tensorflow</i> . Furthermore I am familiar with <i>C++</i> , <i>Mathematica</i> , <i>R</i> , <i>LabVIEW</i> and <i>Origin</i> as well as with the CAD softwares <i>SolidWorks</i> , <i>AutoCAD</i> and <i>CATiA</i> .                |
| <b>Extracurricular Activities</b> | <p>Active member of the German Social Democratic Party (<i>Sozialdemokratische Partei Deutschlands [SPD]</i>) and this party's student group.</p> <p>Member of the <i>Deutsche Physikalische Gesellschaft</i> (DPG)</p> <p>Various activities as delegate and official in sessions organised by the European Youth Parliament (EYP).</p> |
